

## For sale: 2019 Swallow BayRaider Expedition

Lying: Topsham, Devon, United Kingdom.

Presented here is a 2019 Swallow BayRaider Expedition in prime condition having had moderate use in the Exe Estuary. Aneela has been on a swinging mooring on the Exe River between the months of April and September. She has been thoroughly cleaned and serviced at each haul out and consequently is in an extremely good state of mechanical and cosmetic repair. Her Yamaha 6HP outboard has had about 20 hours of operation, has been winterised at the end of each season and has been serviced twice. Aneela has a snug cabin with cushions for overnight accommodation for two crew.

All sails are Hyde and in good condition with one small repair undertaken by Rowsell Sails in Exmouth. Aneela benefits from the unique Swallow water ballast system.

Aneela is available to trail away immediately upon sale and is ready to sail. She has been set up for single handing with a Tiller Lock® and a loop to allow mooring to a buoy without leaving the tiller position.

Aneela has had only one owner from new and her specification is:

Construction: Glassfibre Reinforced Polyester.

Specifications:

Length:	6.05m
Beam:	2.05m
Weight:	520kg
Draft up:	0.25m
Draft down:	1.42m
